

# Club 300 Hope in motion

**Raise £300. Give a wheelchair. Change a life.**

Club 300 is a simple, powerful way to change a child's life. By raising or donating £300, you can fund a high-quality, well-fitted wheelchair for a child with a physical disability in Tabora, Tanzania. A wheelchair gives a child the freedom to attend school, play with friends and take part in everyday life with dignity and independence.

Club 300 is open to **individuals, families, schools, clubs and community groups**. Whether you take on a personal challenge or fundraise together, your support creates lasting impact.
